Office of Communications

Orthodox Church in America Diocese of New York and New Jersey

RELEASE NUMBER 2010.13.1

Beginning today, we will post the most current calendar for His Grace, Bishop +Michael, on the diocesan webpage: <u>http://nynjoca.org</u> It is our hope that the webpage will provide you and the faithful of our diocese with valuable, timely information, and increase the awareness of diocesan activities, news, information, and glimpses into parish life.

We have also created a link to a dedicated area for letters, reports, registration forms, and associated documents related to the upcoming Diocesan Assembly (November 9, 2010 at Holy Protection Cathedral, New York City). Currently, the sole document you will find there is a letter from the Diocesan Chancellor including the Parish Census Form which should be submitted, per instruction, as soon as possible.

Please visit the diocesan webpage regularly and encourage your faithful (in announcements, through emails, or by a note in your parish bulletins) to do the same. We will work diligently to enhance and improve this resource in the days ahead. Your "parish life and activities" submissions for posting on the diocesan website are welcomed and encouraged; the only question to ask is "does this have an interest beyond my local parish?" If you have something to share that is uplifting, encouraging, or a source of new ideas for others to consider, please submit it! Send your submission directly to this office and include photos, if possible. Timeliness of submissions is important since we post things in chronological order. Email to: frski@rochester.rr.com

There are obvious and glaring errors, omissions, and inconsistencies on our diocesan page as currently posted on the OCA website at <u>http://www.oca.org/CAdioceseNY.asp?SID=8</u> This matter is being addressed and we hope to correct the situation in the very near future. Your patience and understanding is greatly appreciated.

A summary report on the recently held Diocesan Council meeting should be released soon.
