Office of Communications

Orthodox Church in America Diocese of New York and New Jersey

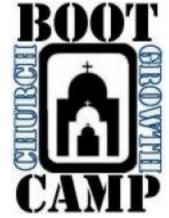

RELEASE NUMBER 2011.29.1

The month of August will feature three major events in the life of our diocese. "Getting the word out" and encouraging participation among our faithful parishioners is, obviously, an essential aspect of making these events successful. *There is no substitute for the direct and enthusiastic support by parish rectors* as they convey this information and encourage their faithful to participate. Using every available means -- parish bulletins, announcements from the Ambo, parish websites, newsletters, etc. --

parishioners need to receive this information from their parish priests. In reality, it is the only way by which they will know "what's happening" and have the necessary information to take part. Note: Registration for these events are being received now, and must be made soon!

AUGUST 1-3, 2011 Parish Growth "Boot Camp" Binghamton NY
