WEDDING

1812 Motet - Tchaikovsky
Adapted by Walter Shymansky
Revision #2, October 29, 2006

O Lord, protect the new-ly weds, [Name] and his loving wife [Name] -]

grant them Thy ho - ly bless - ing as they en - ter their new life

I adapted this music from the male chorus music which was arranged by Sergei Jaroff for his famous Don Cossack Chorus.

1. This arrangement was originally done for the retirement of David Drillock from St. Vladimir's Seminary.
2. Revision 1 and 2 were done for smaller choirs.
3. You can change the words, as I did, for the 50th year of priesthood for Rev. Igor Soroka.

As you can see I did it for the wedding of a friend.

SO USE WHITE OUT
